

Volunteer Roles

Nursery Assistant

The nursery assistant helps the nursery staff person care for children under age three in the nursery during the 10:00am service. There is no curriculum or advance planning for this volunteer role.

A Joyful Path Volunteer

Joyful Path volunteers assist the teacher of children grades 1-5. Volunteers may help with art, gardening, service projects, or may simply be present in the room as a helpful and interested adult. No curriculum or planning is necessary for this role, but volunteers will find it helpful to come a few minutes early to hear about the lesson and activities for the day.

Godly Play Volunteer

The Godly Play volunteer, called the Door Person, assists the Godly Play storyteller by helping children aged 3-6 help themselves in the Godly Play room. The door person helps children get ready to come into the room, get out and put away their response materials, and assists the children in serving the 'feast' (the snack). The door person also calls each child to the door when their parent arrives to pick them up. A short training is helpful for this position, but there is no teaching advance planning necessary.
