We hope every student's parent(s) can find a way to be involved in the program at some entry point and depending on your time, availability, and means. We have developed a list of options where you can be involved in some capacity. Select the area(s) that will work for you:

A: These activities do not require you to be at youth events. They are about scheduling parent volunteers or youth and/or providing support to the overall youth program.

Activity	Yes, I can help with this (✓)
Schedule DINNER every first and third Sunday (recruit and remind the person/people providing)	
Schedule youth to be GREETERS once a month for Sunday worship (recruit and remind the youth)	
Monthly Mailings (postcard reminders of upcoming events)	

B: These activities need parents to help us with driving or being another adult chaperone. When our groups get larger, we need more parents to help. It's also a great way to get to know the youth at our church better.

Activity	I could drive once a month (✓)	I could stay and help once a month(✓)	Call me if you need help (maybe 3-4 times a year) (✓)
Middle School DV8 (first and third Sunday EVENINGS)			
High School SNL (First Sunday EVENING or third Sunday MORNING)			

C: These activities require help during the duration of the event or project only.
